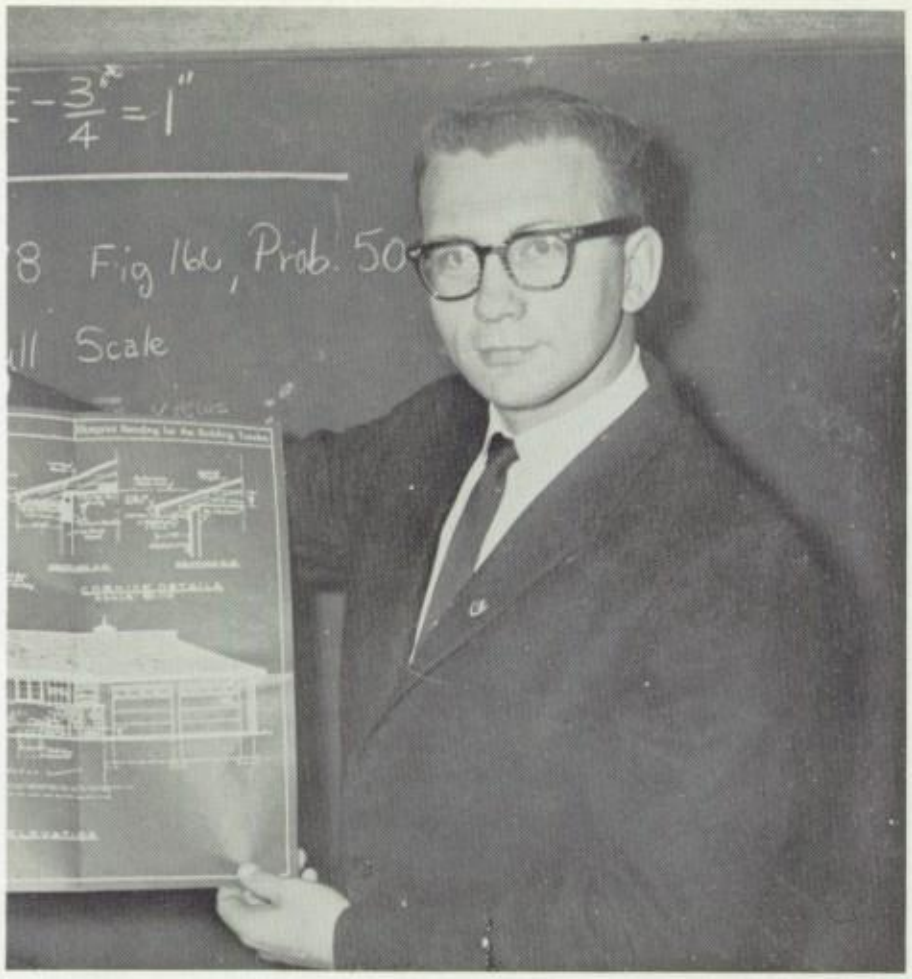
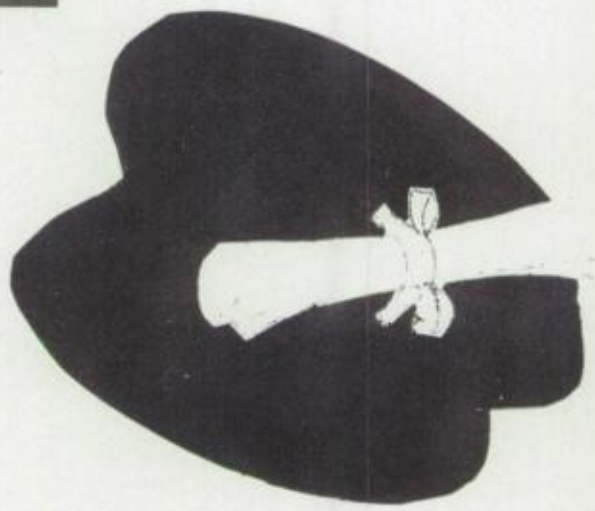
DEDICATION





With the realization that we are still very young in heart and experience; with the knowledge that with their counsel there is yet peace and love, and a deeper, calmer faith for us to seek; we gratefully dedicate this, the 1962 Trojan, to Mr. Byram, who has led us faithfully through our eventful and final two years of high school, and to our parents, who have started us on our way to the "City of Success".

Class History

We entered the time machine in September of 1949, ready for our trip into the future. In the time machine were Betty Kirchdoerfer, Darrell Buss, Charles Smith, Kay Brandt, Connie Hearn, Brenda Arenholz, John Wild, Bill Dagit, Mary Jo Lubben, Ardella Marks, Robert Hummel, Mark Brinkman, and Dale Shepard. Mrs. Harms was at the pilot's wheel.

As we pushed the lever to 1951 we somehow lost Bill Dagit, but John Wettering took his place. The time machine was now being guided by Miss DiGregorio.

With Miss Darby at the controls in second grade, we picked up Darlas Hinders, but lost another, Darrell Buss.

In 1953 we gained three new passengers. They were Arlyce Lindeman, Delos Adelmund, and Gary Fecht. Our new pilot was Mrs. Poppen.

Still guided by this capable pilot, we advanced through our fourth grade accompanied by three new members consisting of Lavola Fick, Danny Bertram, and Gary Craig.

Under the steady hand of Mrs. Mitchell, we journeyed through fifth grade. Here we exchanged Charles Smith, Gary Craig, and Connie Hearn for Sharon Dralle, Karla Evert, and Harlan Janssen.

The following year we received our knowledge through the efforts of Mrs. Harms. We welcomed one new classmate, Merrill Oltmann.

Next the captain's position was taken over by Mrs. Haan and Mr. Brown. However, we developed trouble which gave us time to add to our crew Janet Kruse, Robert Freerks, Joan Jacobs, Dennis Aissen, and Sandra Fick.

Mechanical difficulties caused our time machine to get off its course, and we landed six miles west of Allison. Here we were joined by another time machine which accompanied us. On this Bristow time machine were Robert Bauman, Craig Cuvelier, Dawn Duffield, Harlan Kruse, Karen Schrage, Paulette Smoot, Larry Surfus, Jerry Voigts, and Roger Wubbena.

Because of Mr. D. Moeller's mathematical mind, we were guided back for our final four years at Allison-Bristow. New occupants were the Bochmann brothers, Charles and Maynard. Unfortunately, Harlan Janssen and Craig Cuvelier fell out of the door of the time machine.

As you know this part of our trip has four stages and as we entered the second stage, our sophomore year, Delos Adelmund, Karla Evert, and John Wild decided that they would rather travel elsewhere. Although we lost these three, we compensated for that fact by acquiring Mary Baker, Sharon Baker, and Ruth Penning. During that year, Mr. Johnson and Mrs. Snittjer combined their efforts to keep us under control.

The year 1961 brought with it misfortune. Ruth Penning, Mary Baker, Sharon Baker, and Sandra Fick left to reach their goals some other place. Mr. Byram and Mrs. Wright were our sponsors that year.

Mr. Byram survived that year so he took his life into his own hands again, but this time he had the able assistance of Mr. Rabe. Twenty-six seniors now emerge from the time machine.

Dear Terry, Poor kid, child. It seems to me that whenever I'm around you somebody is always trying to work on my head. I can't find anything to work on in your case I get I'll have to work on my own head. But in your case I get I'll have to work on my own head. Now this is writing something "Neat, quite lumping this table" Terry, S. H. is awful dumb ain't he. You'll get all that junk the dawn to business. I'm not going to work like, Best of luck in the future and all that fuss other guys work like, Best of luck in the best friends I have and won't you. I'm not going to say to one of the best friends I have and won't you.

Terry,
Good luck to
a good student.
Where did you
suddenly pick up
your brains. If you
keep it up you'll be
at the top of the class
keep up the good work
in b.b. and track.

Ellen

Terry,
First of all I'd
say good luck to
a real neat guy. Remember
History class when we sat
by each other and for some
unknown reason Mr.
Ritland decided to move us!?
You're a real swell guy.
a classmate
Miriam

Good luck to
the lead off hitter
of our good baseball
team.

Bob

Terry -
You've been
a great help to
me, sitting by me
in Algebra. Keep
studying and you'll
go along ways. Best
of luck.

Phyllis

Terry,
Good luck and
a long life.
Keep cooking those
egg rolls in Peace.

Jerry; "Good Luck" in
basketball and track
next year and in
your next two years
in high school. Re-
member the Junior
Senior Banquet and
all the "darkies"
running around. I'd
like to wish you all
the luck in the
world (so I will)
